.0 Rated 5 out of 5 by Anonymous from Perfect SketchUp Model and Vector, easy to use. I bought this because I like the look of SketchUp and wanted to make models. Works great with SketchUp 5 for mac. Date published: 2018-01-08 Giovanni from I used SketchUp Pro for several years, and have been missing the ease of use of SketchUp on iOS. Freehand is easy to learn, intuitive and a pleasure to work with. Date published: 2017-11-19 jfc from I love this app! It is easy to learn and to use. A joy to use! Date published: 2017-09-24 sergio from An excellent application! so easy to use, the best vector graphic tool on the Mac platform, very good quality. Date published: 2017-05-03 darkass from I like this app it's easy to use and intuitive. The only thing I wish is that there was an option to view the vectors as a copy/paste of a sketchup model. Date published: 2017-02-15 William from Nice to use Date published: 2017-01-26 Raul from This is a free app I wanted to know how it works, I was very happy and surprised. Date published: 2016-11-01 Jonathan3 from I think I've just begun to learn SketchUp 5. So far, so good. Date published: 2016-10-21 L.E. from For teaching or making simple images, it is the best app. Date published: 2016-07-20 Jennifer from I have been using SketchUp for a while, but I love the new Freehand app. It is so easy to use and I can do almost anything. Date published: 2016-06-07 Paul from I was concerned about the price of this app, but it was really worth it 82157476af
